

USF EDI Information Sheet

Dear Supplier,

US Farathane is committed to the success of our trading partners. Part of our commitment is the implementation of Electronic Data Interchange (EDI) with our suppliers. EDI is a method for reducing paperwork, lead-time and improving accuracy. It is a way to increase the flow and accuracy of information between organizations.

US Farathane would like to create a trading partnership with you, our supplier. Documentation of our 830 Vendor Release, 856 Advance Shipment Notification and 997 Functional Acknowledgement are available by visiting our website at <http://www.usfarathane.com/Supplierinfo>. We have also included an information page and an inquiry document below. Please fill out the attached inquiry document and e-mail to _itsupport@usfarathane.com.

We will then contact you to setup a testing and implementation schedule. If you should have any questions, please feel free to contact us at 248-754-7000 ext. 4444.

Sincerely,

Information Technology Team
